

The Motown Mission Experience is a home repair ministry that is dedicated to serving God through serving others. For six weeks this summer, people from all over the country will be giving up a week of their time to come to Downtown Detroit and do home repair while getting to know the city of Detroit and the people in it. Motown Mission is in need of dinner donations. We would like volunteers who would be willing to provide partial or entire dinners to Metropolitan FUMC in Detroit for the groups this summer.

Please consider partnering with friends or family members to lend a helping hand to our program. If you are interested in doing part of the donation, but not all, please pursue this idea! Suggestions for dinners will be provided so that separate parties can donate similar meals. If you are interested in providing an entire dinner, feel free to provide whatever is on your mind as you would be the only donating party! We ask for the food to be dropped off by 5:30 pm that evening to allow time to set up for the 6:00 dinner. Motown Mission would love for you to come in the day of your dinner to mingle with the volunteers who are serving the city of Detroit.

Dinners are needed for the following dates (except for the Saturdays): June 14-30, July 1-2, & July 11-30.

If you are interested please contact Shelley Gudobba at:
